WARNING: CONTAINS SATIRE

The dangers of arbitrary and inconsistent viewpoint censorship are only exacerbated when enforced by police states (that masquerade as democracies) using opaque procedures that fall egregiously short of due process and are insensitive to context, such as sarcasm, comedy, lampooning, parody, humor, satire and socio-political commentary.

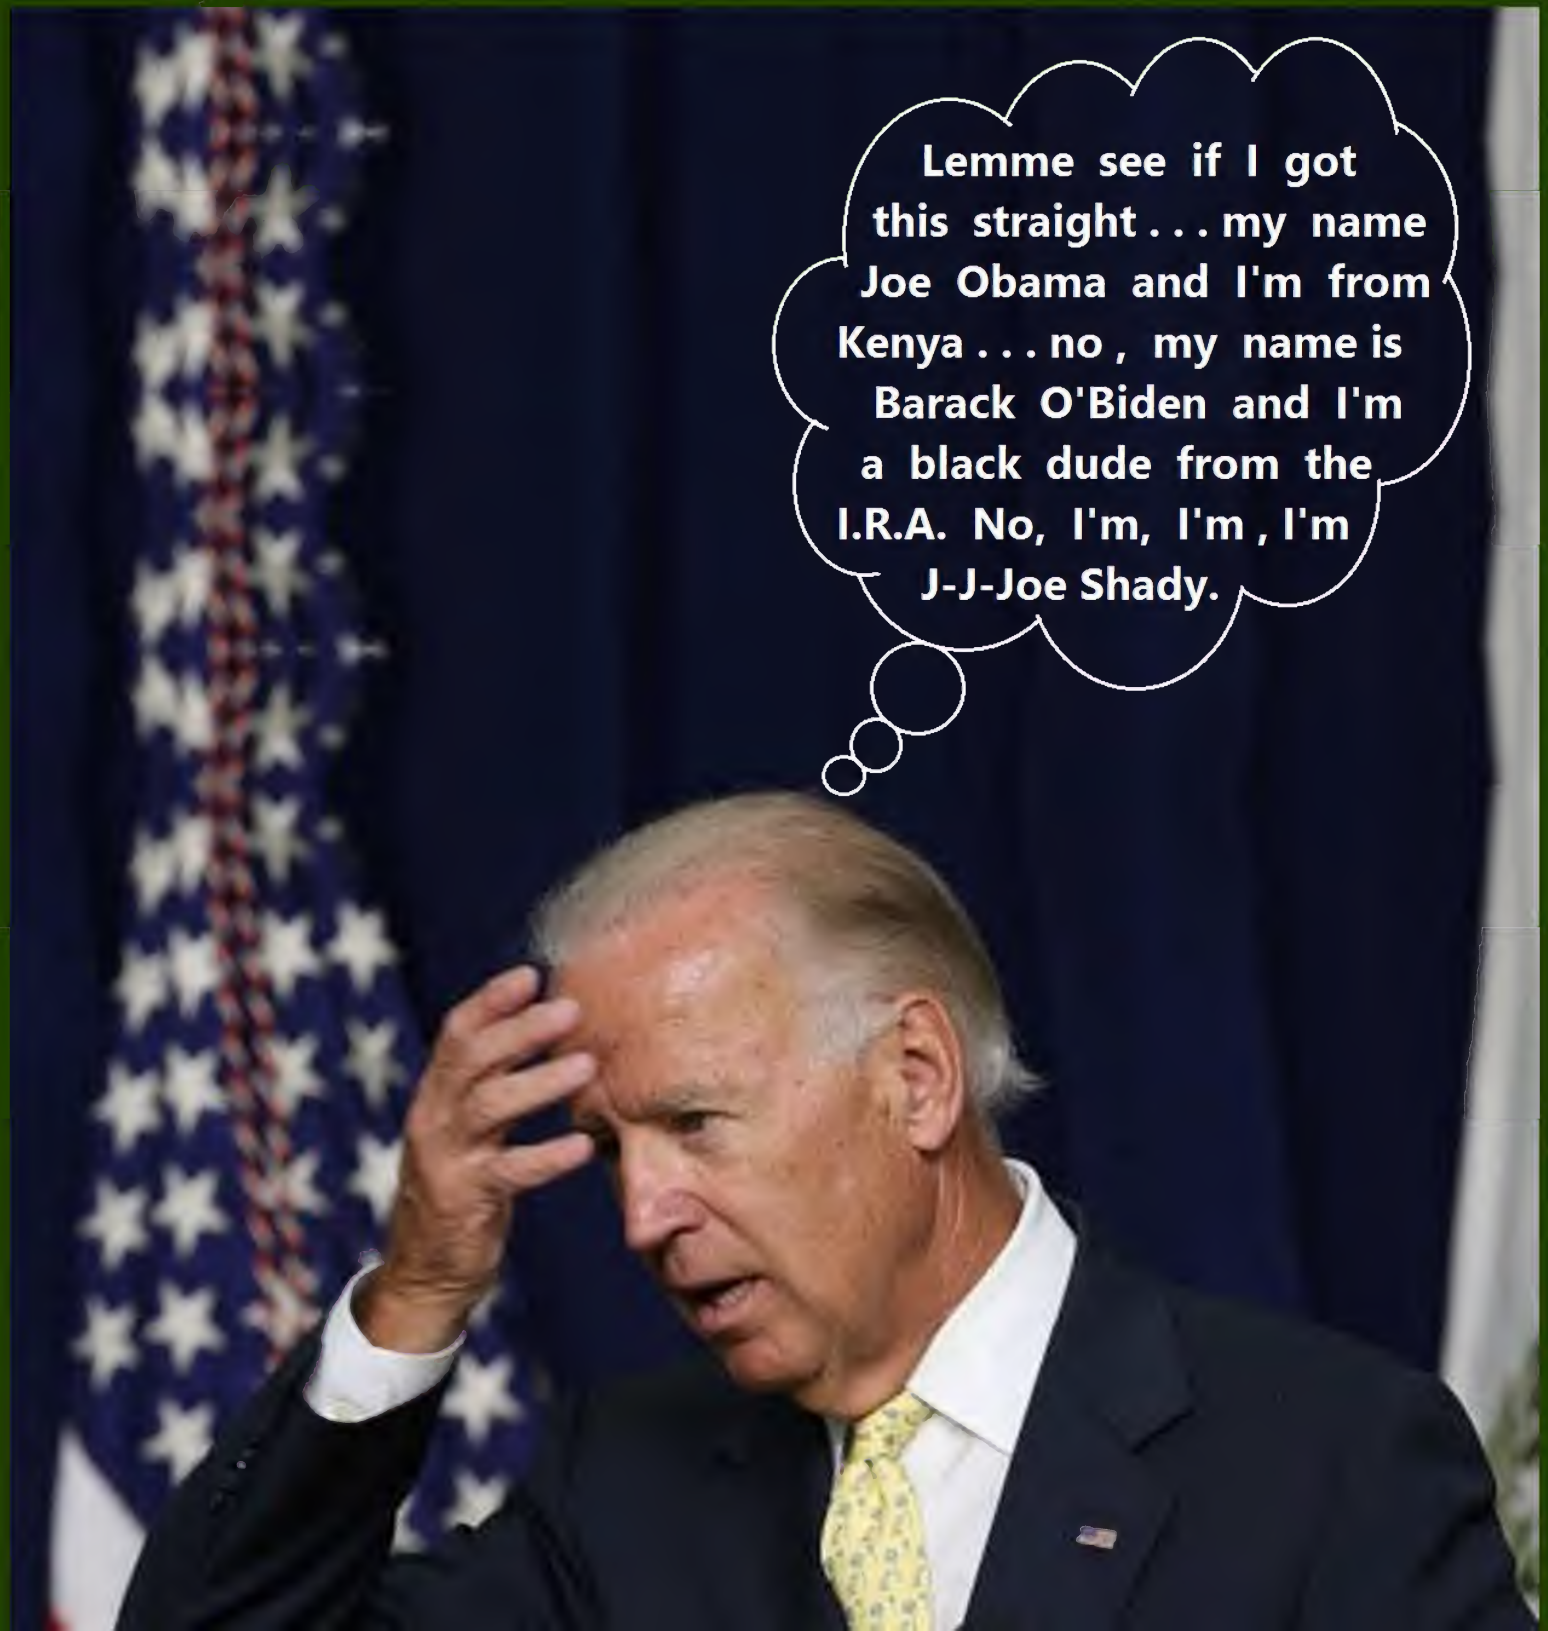
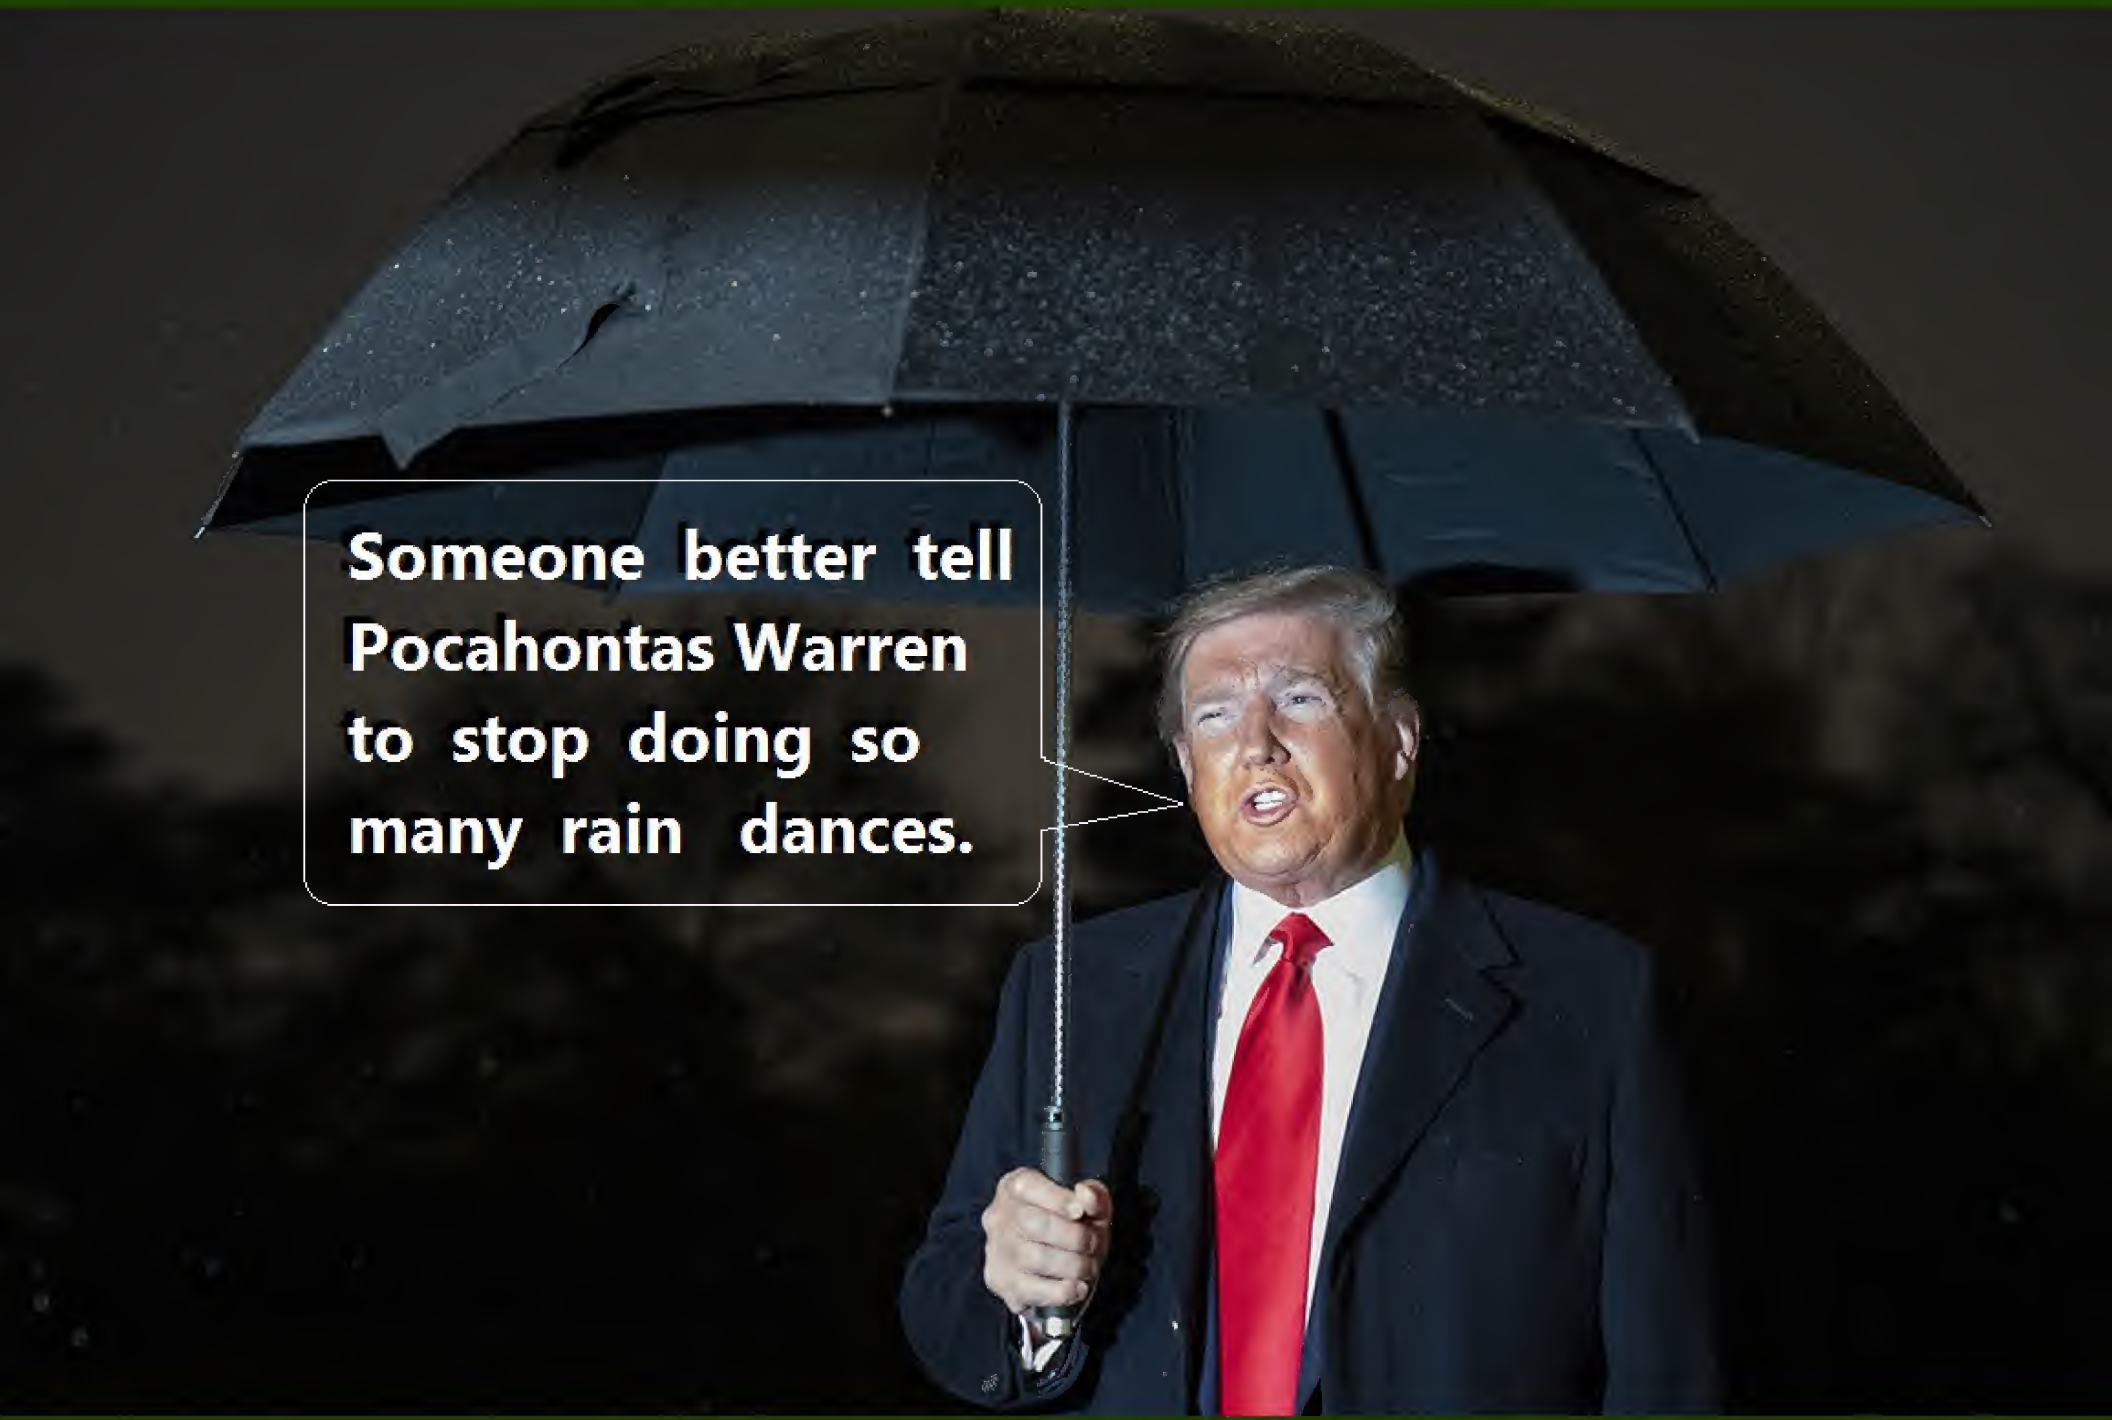
England - America's 51st State

I've created a monster by giving that nutjob in the White House carte blanche . . . America is now well and truly fucked.



Lemme see if I got this straight . . . my name Joe Obama and I'm from Kenya . . . no , my name is Barack O'Biden and I'm a black dude from the I.R.A. No, I'm, I'm , I'm J-J-Joe Shady.

I'll accept Great Britain as America's 51st State, but not if you include Scotland. England, Wales and Ireland are okay, but Scotland's got to go.



Someone better tell Pocahontas Warren to stop doing so many rain dances.
